Representative Betty Pickett

Representative Janet Johnson

Task Force to Joint Committee on Educational Facilities

Educational Facilities Standards Committee

- Determine educational standards
- Determine construction standards
- Determine technology standards

Format & Values Committee

- Determine Format for assessment
- Determine classifications of “State of Condition”
- Determine values for:
 - Specific scope of work
 - Structure replacement
 - Escalation factors

Assessment & Monitoring Operations Committee

- Determine timeframe for performing assessment and monitoring operations.

- Solicit, interview or bid and select assessment & monitoring contractors.
- Issue contracts

- Administer assessment and monitoring contracts

Custodial/Maintenance Committee

- Determine maintenance procedures for maintaining current and upgraded conditions of existing facilities.

- Determine formulas and/or values for maintaining facilities adequacy on an annual basis.

Technology Support Committee

- Determine support standards for supporting technical infrastructure.

- Determine formulas and/or values for maintaining technology support adequacy on an annual basis.

Data Accumulation/Preparation Committee

- Determine format for presenting data and recommendations to Joint Committee.

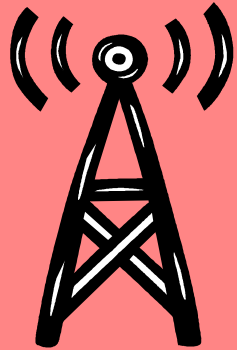

- Accumulate and perform all data processing.

- Enrollment Projections

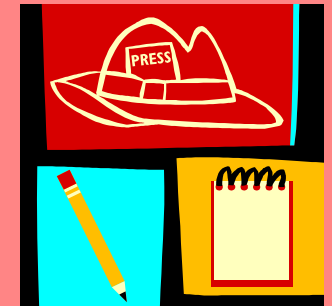

Public Relations Committee

- Determine format and delivery of communications vehicles.

- Provide project updates to media.

- Oversee website development.

Task Force to Joint Committee on Educational Facilities

Executive Committee

Obtain all facilities, equipment and staff required to perform all tasks required by committees.

Create and monitor overall CPM Project Schedule.

Administer overall operations of Task Force

Assessment Process

“Advance Team” Assessment – June 30

- Cooperative/
District
- Location of
Buildings
- Primary Contact
- Type of School
- Enrollment
- Grade
Configuration
- Construction Year
- Square Footage
- Site Size
- Building
Drawings
- District
Demographics

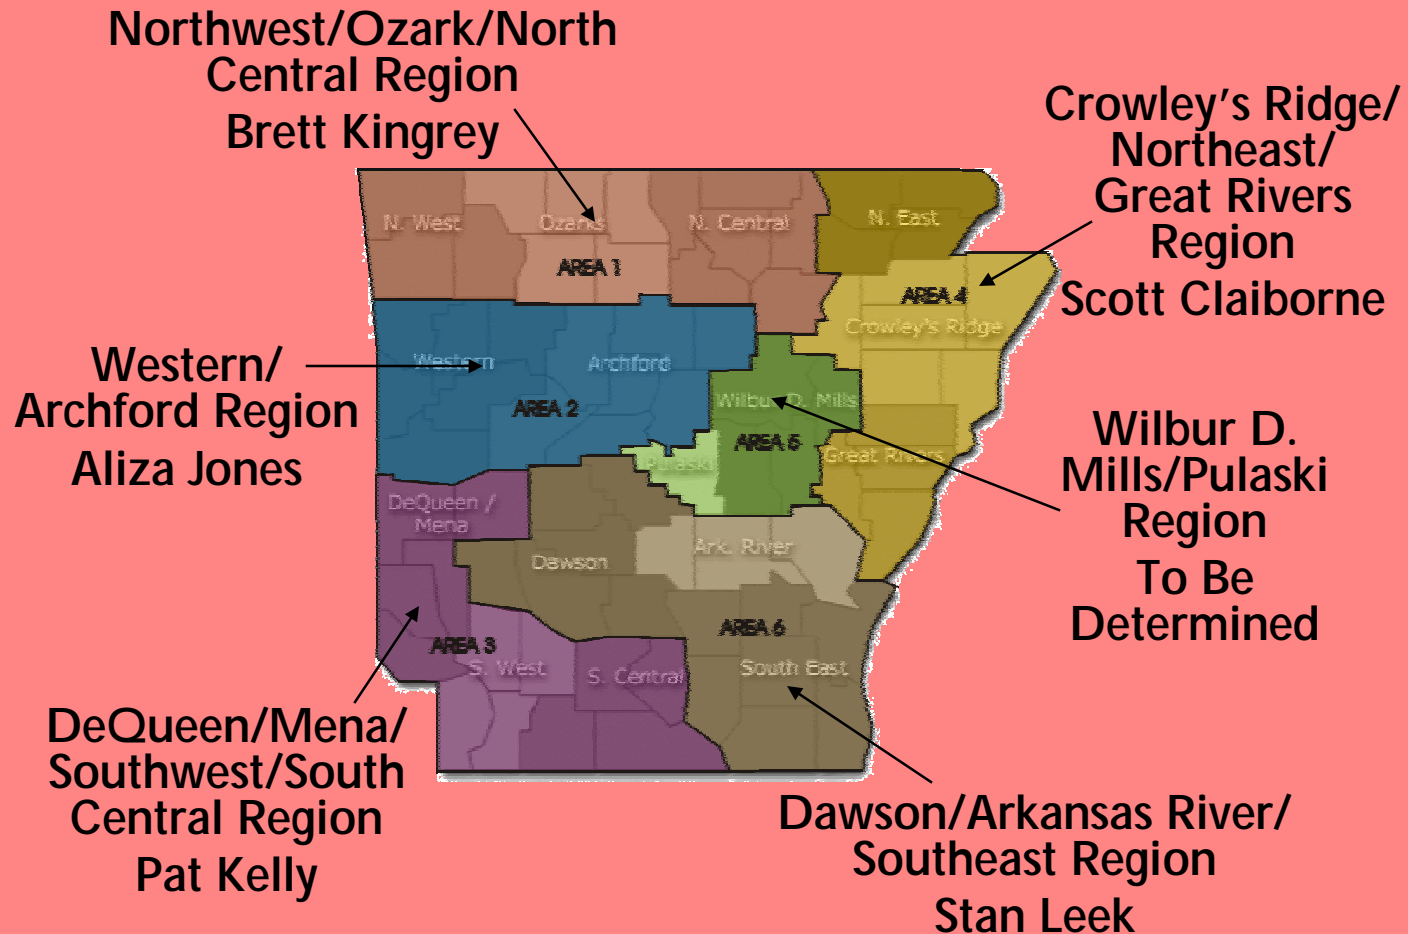

Assessment Process

- Assessors for project to be comprised of licensed architects/engineers, who are licensed to work within the state and who have specifics in educational facilities.
- Assessors with specifics in specialized areas, i.e., hazardous materials, will also be contracted.

Task Force to Joint Committee on Educational Facilities

Region Project Coordinators

4/2/2004

Analysis of Assessment

- **Assessment Tool**

- **APPLE software**

- [Assessment Program for Performance Learning Environments]

- **GIS [Geographic Information System]**

- **Standardized Assessment Criteria**

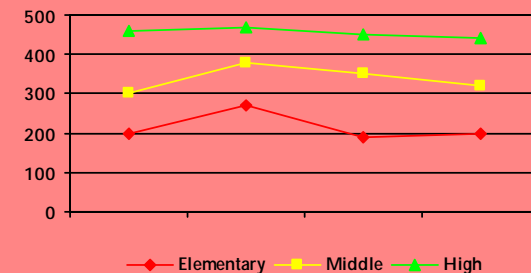

Analysis of Assessment

Recommendations

Upon completion of field assessment, data will be analyzed to determine adequacy of all K-12 facilities

Enrollment Projections for the next ten years based on historical enrollment and live-birth data

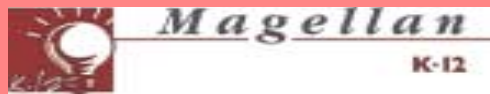

Task Force to Joint Committee on Educational Facilities

Team/Resources

The DeJONG Group has been contracted to spear-head the Assessment Project.

DeJONG
